The lucky winner of this gift certificate will work with artist Lisa Baechtle who will paint a watercolor of their favorite pet. The portrait she creates especially for you is a heart-felt reminder of the love you share with your four-legged partner.

The RISD trained fine artist will discuss the project with you by telephone.

Referencing a selection of photos you supply, she will hand draw and paint an accurate full body image of your companion animal that reflects their whimsy and the connection you feel with them!
