

Parental/Guardian Access to the Online Medical Record of a Child Under 13 years old

Requirements and Procedures

Parents or legal guardians can access the online medical record for their children under 13 years of age.

Requirements for accessing a child's record:

- Parent or individual requesting access must have legal guardianship rights
- Parental Authorization Form must be completed and signed
- Each parent or individual requesting access must have their own eGuthrie account

Please note the following age range limitations for eGuthrie. These age range limitations do not affect any legal right you have to access your child's record by other means. To request a paper copy of your child's record, contact your child's primary care clinic.

- If your child is **age 0-12**: You will be granted full access to your child's eGuthrie record.
- Once your child reaches **age 13**: You will be granted partial access to your child's eGuthrie record. (access to allergies & immunization records).
- To receive full access to your child age 13-17 a Guthrie Teen Proxy form must be completed and returned to your family's Guthrie caregiver
- Once your child reaches **age 18**, you will no longer have access to your child's eGuthrie record.

I understand that:

- I must have a eGuthrie account
- I must log in to eGuthrie with my own User ID & Password
- I must click on 'View Other Records' to access my child's medical information
- I agree to abide by the terms and conditions of the eGuthrie site
- When my child turns 18 years old, access will be automatically terminated

Parent/Legal Guardian access to a child's record is revoked when:

- Parent/legal guardian submits a request or revokes online
- Child turns 18 years old
- Legal Documentation

Patient's access to online medical information is revoked when all parent/legal guardian access is revoked. Guthrie reserves the right to revoke online access to medical information at any time. Communications on behalf of your child must be sent from your child's record and responses will be received in your child's record. eGuthrie email alerts will be sent to the email address entered in the child's record.

If you have an eGuthrie account, you will receive an eGuthrie message when access to the patient's record is available, typically 1 to 3 business days after completed authorization form is received.

Revised 02-/2018

Parental/Guardian Access to the Online Medical Record of a Child Under 13 years old

Requirements and Procedures
