PHYSICIAN-LED
Patient-Centered Care

Guthrie follows a model of care inspired by our founder, which places patients at the heart of everything we do. Our physician-led approach ensures that medical professionals are at the forefront of decision-making processes, providing the best possible care for our patients.

Edmund Sabanegh, Jr., MD
President and CEO

Dr. E. Star Judd (left), surgeon at the Mayo Clinic, performs an operation with Dr. Donald Guthrie during Dr. Guthrie's surgical training. This photograph was taken at the Mayo Clinic in Rochester, Minnesota.

Guthrie is committed to staying at the forefront of health care innovation through our ongoing digital journey:

The Guthrie Pulse Center merges advanced technology with our team of talented caregivers to create an innovative, patient-centered health care system.

Say Hello to Our Growing Guthrie Teams

We are proud to announce that Guthrie is home to the largest teams in our 10,000-square-mile service area. Our teams bring a wealth of expertise and dedication to better serve our community with comprehensive services in areas such as Bariatrics, Podiatry, Interventional Radiology, Cardiovascular Care, Orthopedics, and Primary Care.

These teams exemplify Guthrie's commitment to providing high-quality, accessible health care. We look forward to continuing to serve you with enhanced services and expert care.

Bariatric Medicine and Surgery

The Guthrie Weight Loss Programs offer premier weight loss services with a team of providers dedicated exclusively to the success of patients.

Weight Loss Surgery

Offering two surgical weight loss options (Sleeve Gastrectomy or Roux-en-Y bypass). Based on the patient's medical conditions, overall health, and desired weight loss, our bariatric surgeons work with patients to decide on the best procedure.

Obesity Medicine

Patients work closely with a physician, registered dietitian, fitness specialist, and psychologist to safely lose weight and develop the skills to maintain a healthy weight. Our teams also include nurse practitioners as well as nursing and support staff.

Locations

- Big Flats Specialties
- Johnson City Pavilion Weight Management
- Lourdes Hospital - Weight Loss Surgery
- Sayre Weight Loss Center

Podiatry

Podiatrists at Lourdes Foot and Ankle Care offer non-surgical and surgical foot care for children and adults. Our care team delivers personalized care for foot conditions or injuries. Common podiatry conditions include:

- Ankle instability or fracture
- Athlete's foot
- Bone and heel spur
- Bunion, callus, corn and wart
- Diabetic neuropathy and diabetic foot care
- Foot bone fracture
- High arch and low arch feet
- Ingrown and fungal toenail
- Plantar fasciitis (heel pain)
- Sprained ankle

Primary Foot and Ankle Care

Locations:

- 161 Riverside Drive, Binghamton, N.Y.
- 515 Reynolds Road, Johnson City, N.Y.

**Several podiatrists also regionalize to surrounding clinics.*

Interventional Radiology

The interventional radiology physicians at Guthrie are fellowship-trained and are committed to providing quality patient care. They work in collaboration with other health providers to give patients the best results possible. While any procedure or treatment can carry risk, interventional radiology procedures are less invasive, with low risk of complications.

Interventional Radiologists specialize in non-surgical treatments using advanced imaging guidance to diagnose and treat patients. Using their expertise with real-time X-ray, CT, ultrasound, and other

diagnostic imaging tools, Guthrie Interventional Radiologists are able to precisely locate areas of concern and perform a wide variety of procedures with less risk, less pain, and a shorter recovery time.

Guthrie Primary Care

When you choose Guthrie for primary care, you have access to a large number of providers at convenient locations. Our primary care network covers 12 counties in northern Pennsylvania and southern and central New York.

All primary care locations are welcoming new patients, and some offer extended evening or weekend hours.

Referrals can be made in Epic, Guthrie EpicCare Link and by calling **866-GUTHRIE** (866-488-4743).

The Guthrie Physician Liaison Team

We strive to ensure that when you trust Guthrie to care for your patients, you both have the best possible experience. We are here to make sure you have the information you need when making referrals to Guthrie.

Additionally, we also focus on:

- Providing information and outreach opportunities in support of Guthrie's services, facilities, and providers
- Encouraging communications between referring and Guthrie providers
- Facilitating access to Guthrie EpicCare Link
- Inclusivity of community practices in an effort to establish community partnerships

Our liaison team can help address issues, questions or concerns that may arise throughout the referral process. We welcome your feedback - exceeding your expectations for delivering quality care and providing access to our services is a top priority.
