

Parental Access to the Online Medical Record of a Patient 13 to 17 Years Old

Requirements and Procedures

For children age 13-17 years old, a birth parent or legal guardian can access the online medical record with the child's consent. With the consent of a parent or legal guardian, children 13-17 years old can access their own online record.

Requirements for accessing a child's record:

- Birth parent or individual requesting access must have legal guardianship rights
- Parental authorization form must be completed and signed
- Each parent or individual requesting access must have their own eGuthrie account or a eGuthrie account will be established for them by Guthrie staff

I understand that:

- I must have a eGuthrie account or an account will be established for me
- I must log in to eGuthrie with my own User ID & Password
- I must click on 'View Other Records' to access my child's medical information
- I agree to abide by the terms and conditions of the eGuthrie site
- **eGuthrie is not to be used in an emergency**

Birth Parent/Legal Guardian access to a child's record is revoked when:

- Birth parent/legal guardian or child submits a request or revokes online
- There is a change in legal guardianship status
- Child turns 18 years old
- Child advises Guthrie of his/her emancipated status
- Parent/parent or parent/child access disputes cannot be resolved

If all parent/legal guardian access to online medical information is revoked, the child's eGuthrie access will also be revoked. Guthrie reserves the right to revoke online access to medical information at any time.

Communications on behalf of your child must be sent from your child's eGuthrie record and responses will be received in your child's record. eGuthrie email alerts will be sent to the email address entered in the child's eGuthrie record.

Submit Online: Parents or guardians can send a picture of the completed form and email to CentralScheduleFax@guthrie.org as a faster way to have proxy completed, or you can take the form your to Primary Care Provider's office. If you already have a eGuthrie account, you will receive a eGuthrie message when access to the patient's record becomes available, typically less than 7 business days after completed authorization form is received.

Parental Access to the Online Medical Record of a Patient 13 to 17 Years Old

Please enter **Child's** information below:

Child's Name: _____ Guthrie Medical Record #: _____
Address: _____ Last 4 digits of Social Security #: _____
