## WHAT'S NEW...

We are thrilled to announce the recent addition of Lourdes to our Guthrie family, further enhancing and growing our comprehensive team. With the addition of Lourdes, Guthrie now has four cancer centers across our 10,000 square mile service area.

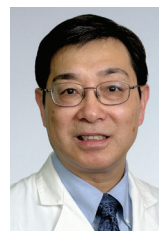

This recent expansion increases our ability to provide high-quality care that is accessible to all. We take pride in our ability to offer our patients cutting-edge treatment options, clinical trials, state-of-the-art technology and a multidisciplinary approach. Our team of dedicated oncology and hematology providers collaborate closely with other specialties to ensure each patient benefits from a treatment plan designed specifically for them.

Together, we are dedicated to enhancing the lives of our patients and making a significant contribution to the fight against cancer.

## Guthrie Welcomes New Physicians

Guthrie welcomes **Burak Erdinc, MD** to our Oncology team at the Guthrie Corning and Sayre Cancer Centers. Dr. Erdinc earned his medical degree from Istanbul University Cerrahpasa Medical Faculty and completed his residency at Brookdale University Medical Center. He finished his fellowship training at SUNY Downstate Health Sciences University in Hematology and Oncology. Dr. Erdinc is boarded certified in Internal Medicine, Hematology and Medical Oncology through the American Board of Internal Medicine.

Guthrie welcomes **Le Wang, MD, PhD** to our Hematology and Oncology team at The Guthrie Sayre Cancer Center. Dr. Wang earned his medical degree from Nanjing Medical University and completed his residency at Mount Sinai Beth Israel, Icahn School of Medicine. He finished his fellowship training at Hahnemann University Hospital, Drexel University College of Medicine in Hematology and Oncology. Dr. Wang is boarded certified in Internal Medicine, Hematology and Medical Oncology through the American Board of Internal Medicine.

Referrals can be made in **Epic, Guthrie EpicCare Link** and by calling **866-GUTHRIE** (866-488-4743).

For Surgical Oncology referrals only, please call us directly at **570-887-2373**.

## Guthrie Cancer Services - By the Numbers

### The 12 County Leader in Oncology and Hematology Services

#### Cancer Services Team

17 Medical Oncology & Hematology Providers	11 Plastic & Reconstructive Surgery Providers	9 Breast Radiology Providers	9 Palliative Care Providers	8 Interventional Radiology Providers	8 Oncology Navigators & Social Workers	5 Radiation Oncology Providers
-----------------------------------------------------	--------------------------------------------------------	---------------------------------------	--------------------------------------	-----------------------------------------------	-------------------------------------------------	-----------------------------------------

#### Surgical Spotlight

9 Urology Surgeons	5 Breast Surgeons	5 Colorectal Surgeons	3 Head & Neck Surgeons	2 Surgical Oncology Surgeons	2 Thoracic Surgeons	2 Urologic Oncology Surgeons
--------------------------	-------------------------	-----------------------------	------------------------------	---------------------------------------	---------------------------	---------------------------------------

## Hematology-Oncology Fellowship Program

**Giampaolo Talamo, MD**  
Program Director, Hematology-  
Oncology Fellowship

**Amandeep Kaur, MD**  
Associate Program Director,  
Hematology-Oncology  
Fellowship; Medical Director,  
Guthrie Corning Cancer Center

Program Director, **Dr. Giampaolo Talamo**, and Associate Program Director, **Dr. Amandeep Kaur**, lead Guthrie's three-year Hematology-Oncology Fellowship Program. The program began in 2023. Fellows will receive personalized mentorships with experienced faculty physicians and availability of state-of-the-art medical technologies. They will have a comprehensive clinical experience by participating in both inpatient consultations at Guthrie Robert Packer Hospital and outpatient care at multiple Guthrie Clinic sites.

Our fellows will have scheduled didactic sessions covering the entire field of Hematology-Oncology and will be able to participate in five different Tumor Boards. Moreover, fellows will have elective rotations in Blood Bank/Coagulation, Hematopathology, Bone Marrow Transplant/Cellular Therapy (at the Penn State Hershey Cancer Institute), Chemotherapy Administration/Pharmacy and Palliative Care.

#### 1<sup>ST</sup> Year

**Sundeep Bekal, DO**

**Joseph Kuruvilla, DO**

#### 2<sup>ND</sup> Year

**Muneer Khan, MD**

**Marcelle Meseeha, MD, FACP**

We are proud and excited to continue our fellowship program this year and welcome our two new first year fellows.

## Leading The Region in Cancer Care

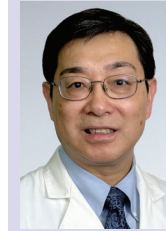

Our multidisciplinary team approach provides expert care and support for our patients through their cancer journey. Our dedication to patients is shown in our commitment to quality and providing the most up to date care to our patients. For over 50 years, Guthrie has been conducting oncology clinical trials and we are proud to have been affiliated with multiple institutions, including University of Rochester, Cornell University and Vanderbilt.

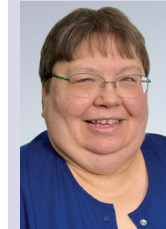

For active clinical trials visit: [www.Guthrie.net/node/17066](http://www.Guthrie.net/node/17066)

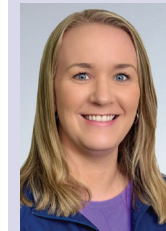

**Burt Cagir, MD, FACS**  
Executive Director,  
Donald Guthrie  
Foundation;  
Regional Associate Dean,  
GCSOM

**Le Wang, MD, PhD**  
Principal Investigator,  
Oncology Clinical Trials

**Susan Hadlock, RN**  
Designated Lead for  
Research, Oncology  
Clinical Trials

**Christina Finlan, BSN, RN**  
Research Nurse,  
Oncology Clinical Trials

## Advanced Therapies and Interventional Oncology

Guthrie Oncology is continuously providing new advanced therapies and services to give our patients the best care possible.

**BiTE Therapy** - BiTE (Bispecific T cell Engager) Therapy is a form of immunotherapy which targets a protein on the surface of the cancer cell and brings it in close proximity to the T cell by creating a bridge between two. This allows the T cell to recognize and destroy the cancer cell.

**Interventional Oncology** is a multi-disciplinary specialty that includes board-certified Interventional Radiologists who perform image-guided procedures and board-certified Surgical Oncologists who perform minimally invasive surgery. Interventional Oncology is used to treat cancer and manage cancer-associated symptoms.

## Cancer Support Services

Our team is here to care for your patients from screening to diagnosis, through treatment and into survivorship. With our services being offered at all four Guthrie cancer centers, we make sure patients have access to every resource they need to understand their treatment plan while providing support every step of the way including palliative care, hospice care, physical therapy and occupational therapy.

Providers

Referring  
Providers  
Website

Explore our comprehensive web page for Referring Providers, a go-to resource for all things Guthrie. Our web page offers extensive details on Guthrie EpicCare Link, a cutting-edge platform that streamlines direct referrals, communication and collaboration between providers, and convenient access to shared patient information. You can also explore our service line newsletters, videos and articles about Guthrie News, and enroll in our continuing medical education program, Grand Rounds.

Referrals can be made in **Epic, Guthrie EpicCare Link** and by calling **866-GUTHRIE** (866-488-4743).

For Surgical Oncology referrals only, please call us directly at **570-887-2373**.

## Guthrie Cancer Center ONE TEAM ONE FOCUS

### MISSION

Guthrie works with the communities we serve to help each person attain optimal, life-long health and well-being. We will do so by providing integrated, clinically-advanced services that prevent, diagnose, and treat disease, within an environment of compassion, learning, and discovery.

### VISION

Improving Health through Clinical Excellence and Compassion; Every Patient. Every Time.

### VALUES

Patient-Centeredness • Teamwork • Excellence
