Date Written Plan was Adopted by Organization's Authorized Governing Body: June 25<sup>th</sup>,

2025

Date Written Plan was Required to be Adopted: June 30th, 2025

Authorizing Governing Body that Adopted Written Plan: Troy Community Hospital Board of Directors

Name and EIN of Hospital Organization Operating Hospital facility: Troy Community Hospital 24-0800337

Address of Hospital Organization: 275 Guthrie Drive, Troy, PA 16947

#### ı. **Purpose of Implementation Strategy**

This Implementation Strategy has been prepared to comply with federal tax law requirements set forth in Internal Revenue Code section 501(r) requiring hospital facilities owned and operated by an organization described in Code section 501(c)(3) to conduct a community health needs assessment at least once every three years and adopt an implementation strategy annually to meet the community health needs identified through the community health needs assessment. This Implementation Strategy is intended to satisfy each of the applicable requirements set forth in proposed regulations released April 2013.

#### II. List of Community Health Needs Identified in Written Report

- o Mental health problems: increasing services for mental & behavioral health
- o Aging problems: increasing preventive health / chronic disease management services
- o Diabetes: increasing preventive health / chronic disease management services
- o Cancers: increasing cancer prevention screenings

o Heart disease and stroke: increasing preventive health / chronic disease management services

# III. Health needs planned to be addressed by facility

- o Cancers
- o Heart Disease & Stroke

# IV. Health needs facility does not plan to address

- o Mental Health Problems
- o Diabetes
- o Aging Problems

# FY2026-2028 Troy Community Hospital Implementation Strategy

**Priority: Cancers:** increasing cancer prevention screenings

Focus Area: Cancer Screening

**Goal:** Increase rates of breast cancer screening for patients within the primary care network

**Objective:** Increase rates of breast cancer screenings

	Intervention	Population Description	Effect Measure	Evaluation of	Program Frequency
	Description			Intervention	
Intervention #1	Provider discussion with patients at Primary Care Physician (PCP) visit if identification of need for Breast Cancer (BC) screening.	Patients aged 50-75 seen in Primary Care Practices.	% of patients aged 50-75 with Breast Cancer screen completed.	Improve BC screening as noted in the EPIC Report.	Data reviewed monthly.
Intervention #2	Outreach by Population Health Coordinators to promote follow- up by patients with PCP or schedule patient for mammogram.	Patients identified by reporting from EPIC and payers needing BC screening.	% of patients aged 50-75 with Breast Cancer screen completed.	Improve BC screening as noted in the EPIC Report.	Data reviewed monthly.

# FY2026-2028 Troy Community Hospital Implementation Strategy

**Priority: Cancers:** increasing cancer prevention screenings

Focus Area: Cancer Screening

Goal: Increase rates of colorectal cancer (CRC) screening for patients within the primary care network

**Objective:** Increase rate of colorectal cancer screenings

	Intervention	Population	Effect Measure	Evaluation of	Program Frequency
	Description	Description		Intervention	
Intervention	Provider discussion	Patients aged 45-75	% of patients with	Improve CRC	Data reviewed
#1	with patients at	seen in Primary	CRC screening	screening as noted	monthly.
	Primary Care Physician	Care practices in	completed.	in the EPIC Report.	
	(PCP) visit if	the last year.			
	Identification of need				
	for CRC screening.				
Intervention	Outreach by	Patients identified	% of patients with	Improve CRC	Data reviewed
#2	Population Health	by reporting from	CRC screening	screening as noted	monthly.
	Coordinators to	EPIC and payers	completed.	in the EPIC Report.	
	promote follow-up by	needing CRC			
	patients with PCP on	screening.			
	best screening options.				

### FY2026-2028 Troy Community Hospital Implementation Strategy

**Priority:** Chronic Disease Management **Focus Area:** Heart Disease & Stroke **Goals:** Reduce Readmission Rates

Objective: Reduce readmission rates for Congestive Heart Failure (CHF) and Chronic Obstructive Pulmonary Disease (COPD)

patients
